Old Way of Harvesting

Modern Way of Harvesting

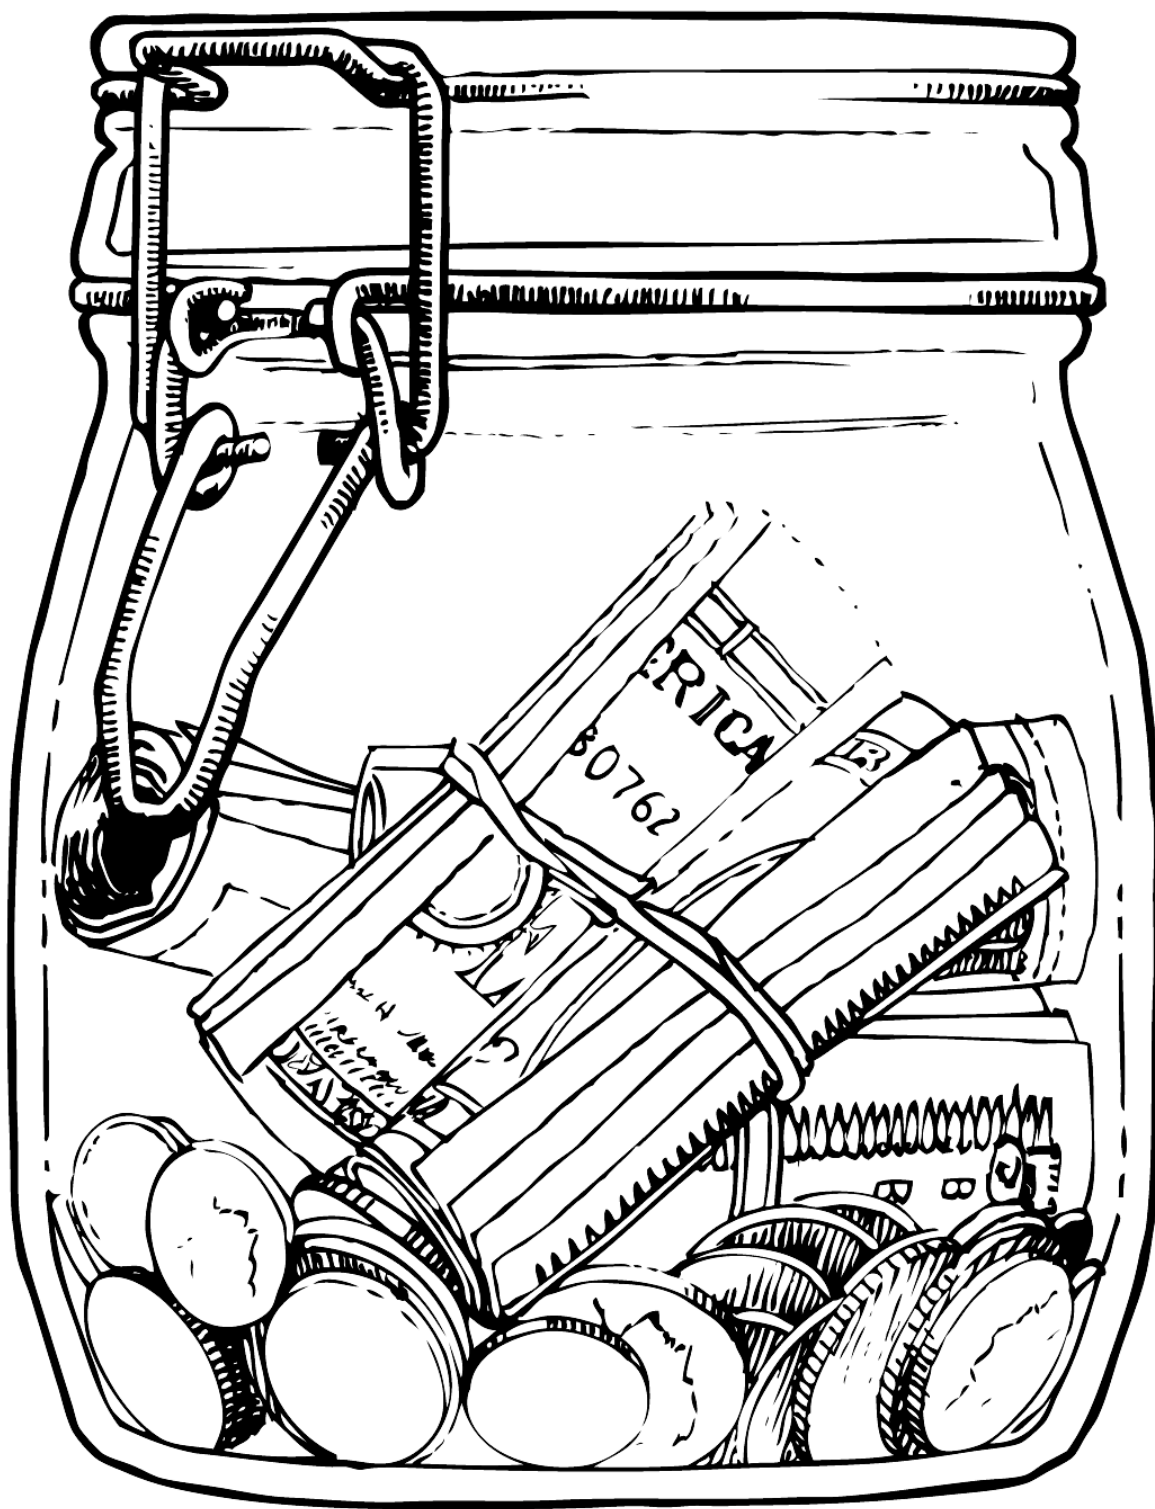

In the spring, farmers collect a small harvest. But in the fall, the harvest is much bigger.

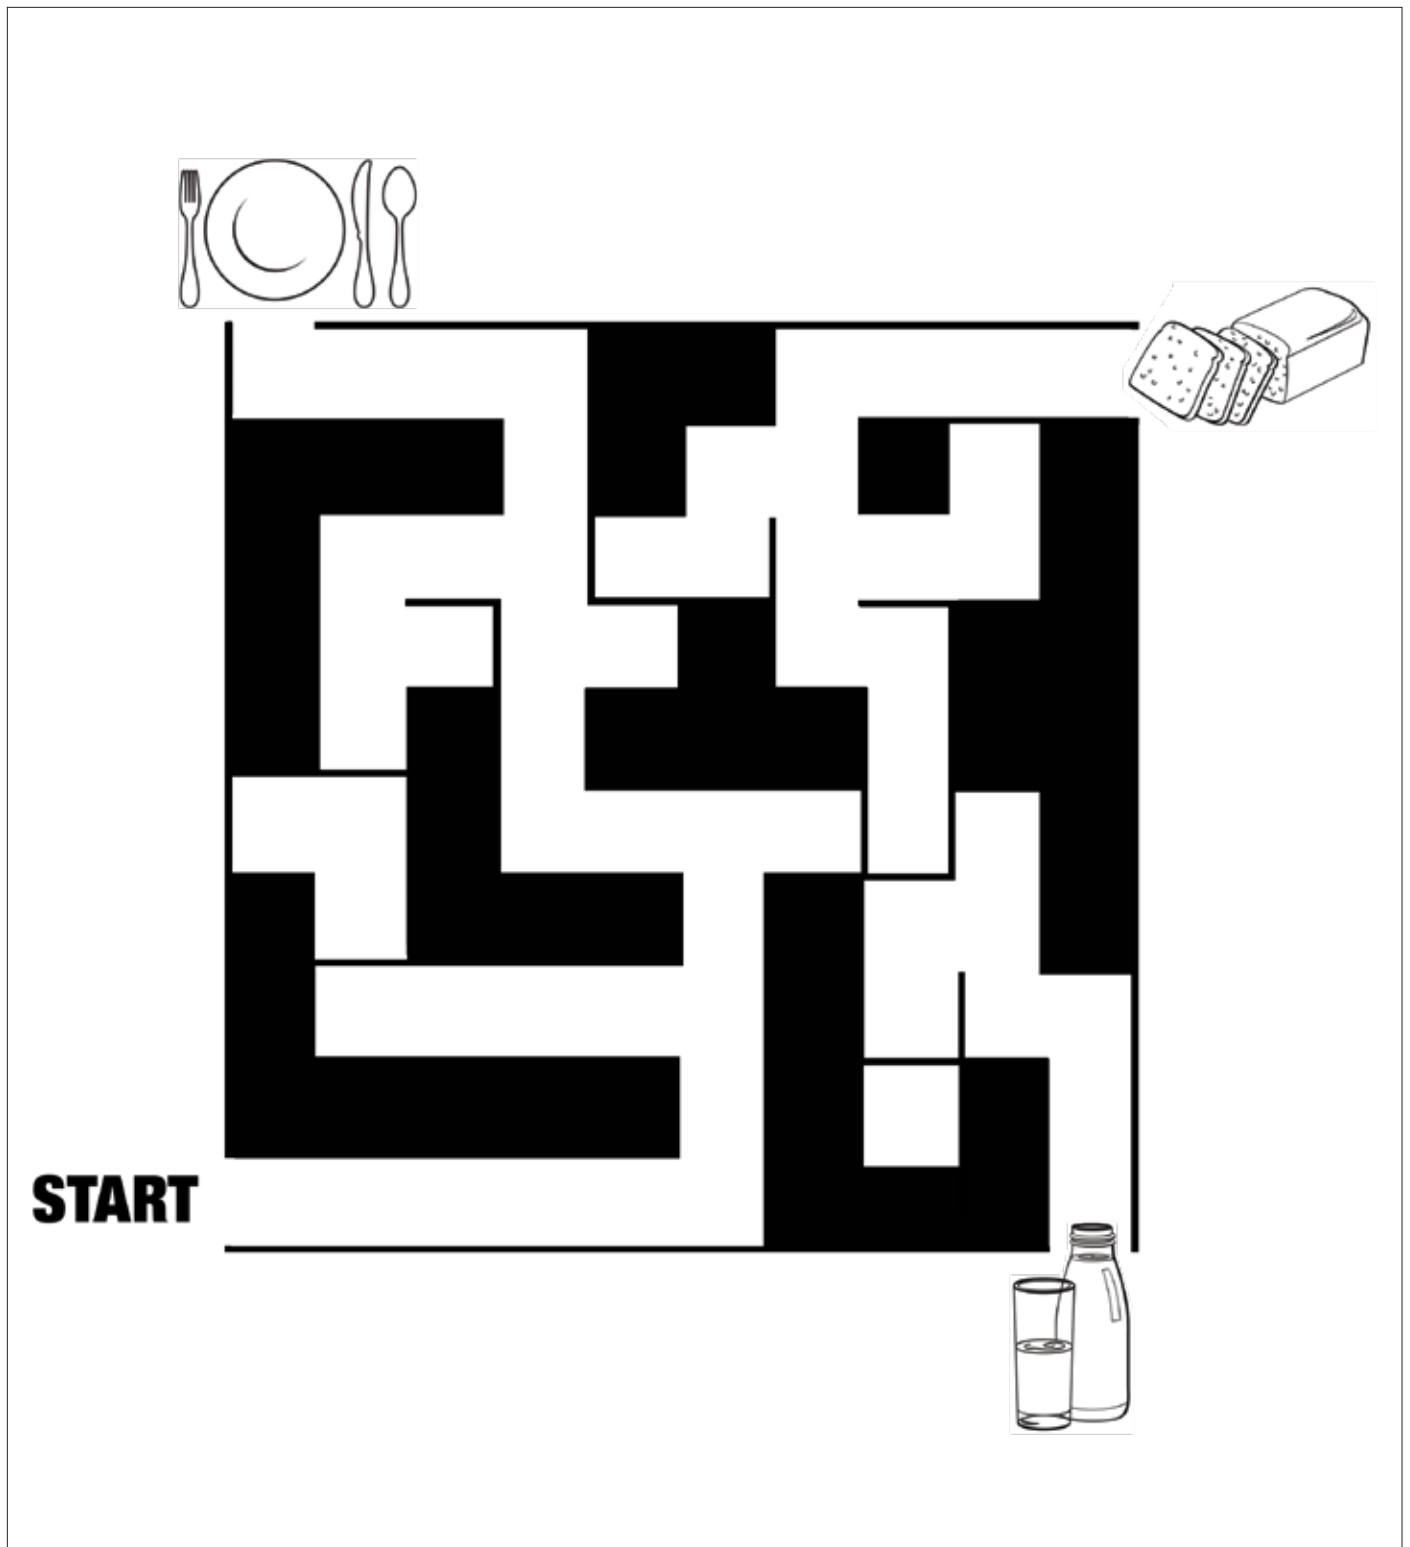

God also has two harvests. Those living His Way now will be part of a first small harvest. God's big harvest will come later.

God's Work is teaching those He has called to become kings and priests.

We give offerings to help God's Work
preach the gospel.

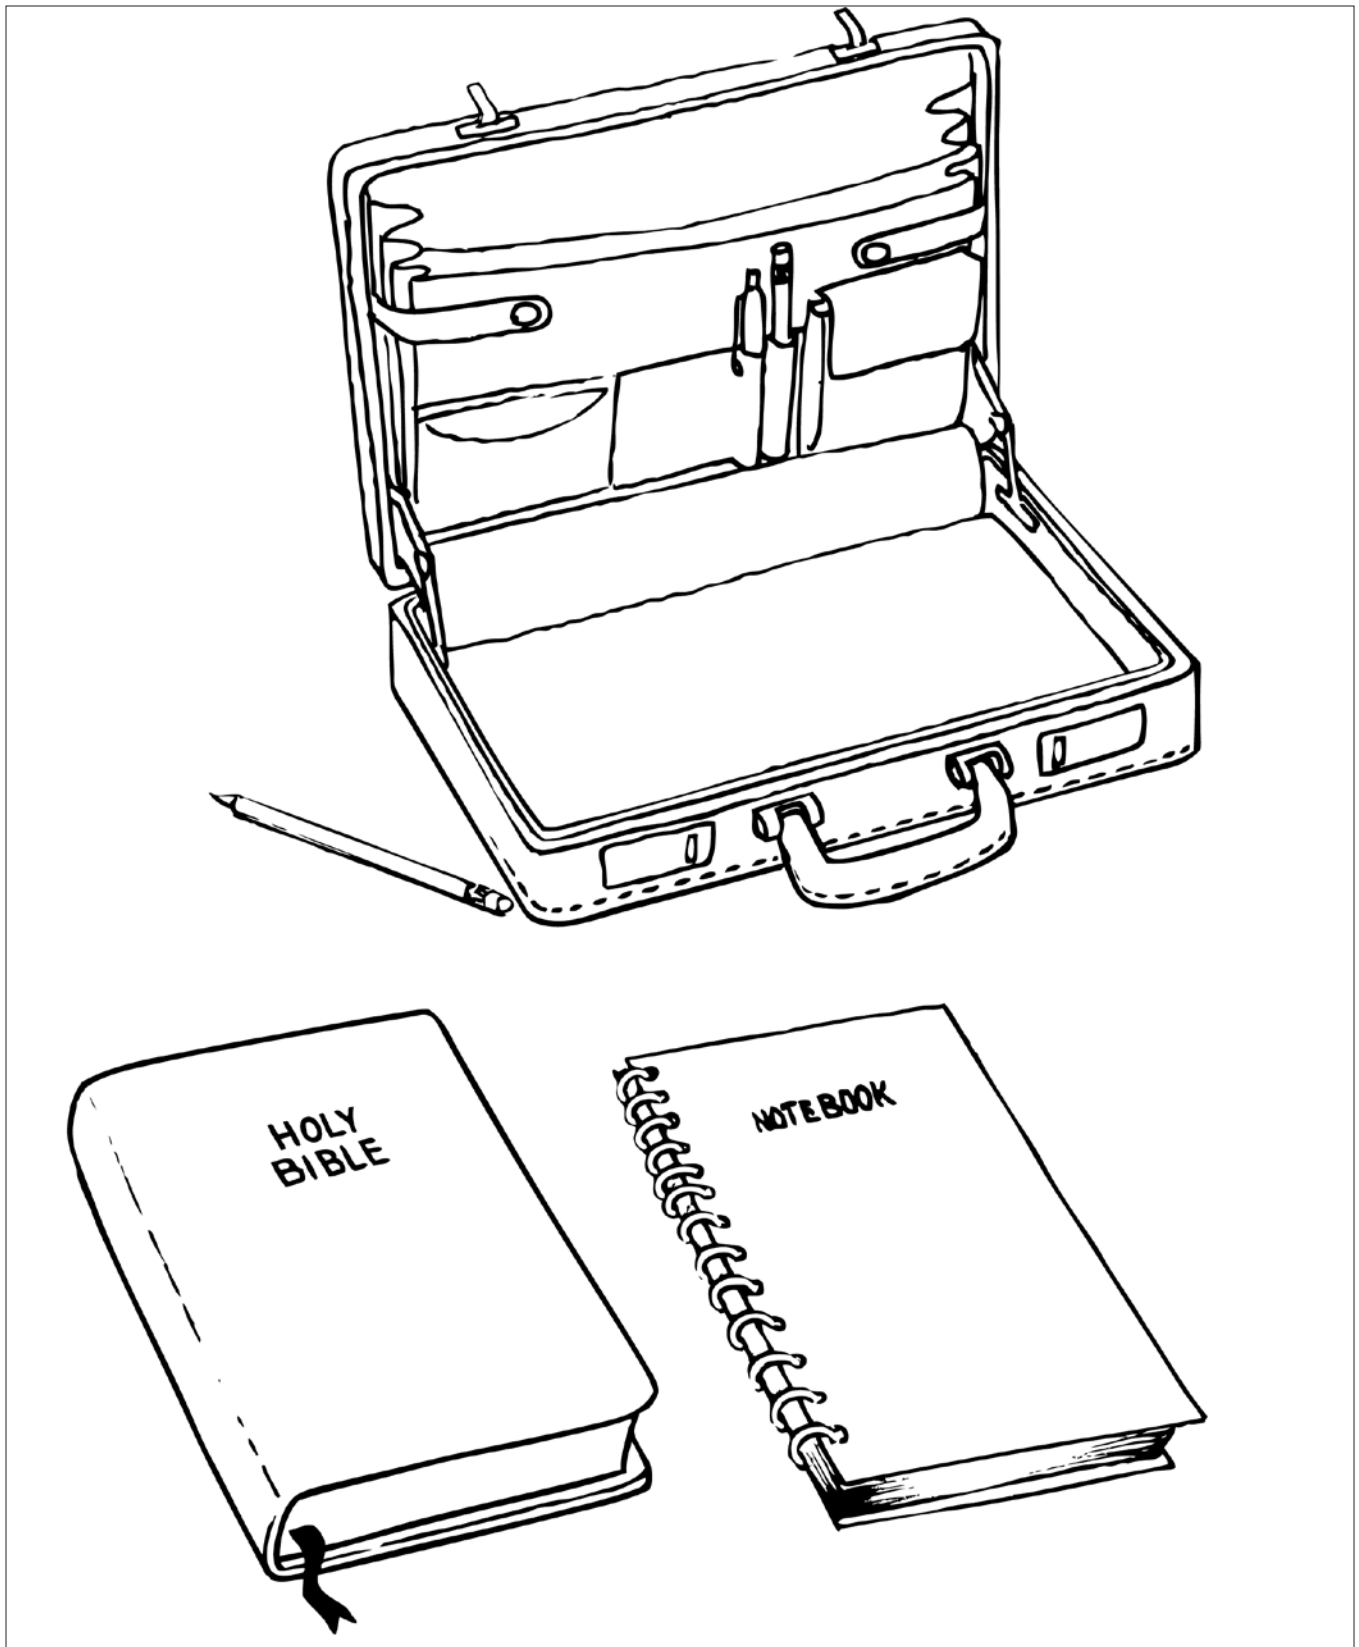

On the Day of Atonement,
we do not eat or drink anything.
This helps us draw close to God.

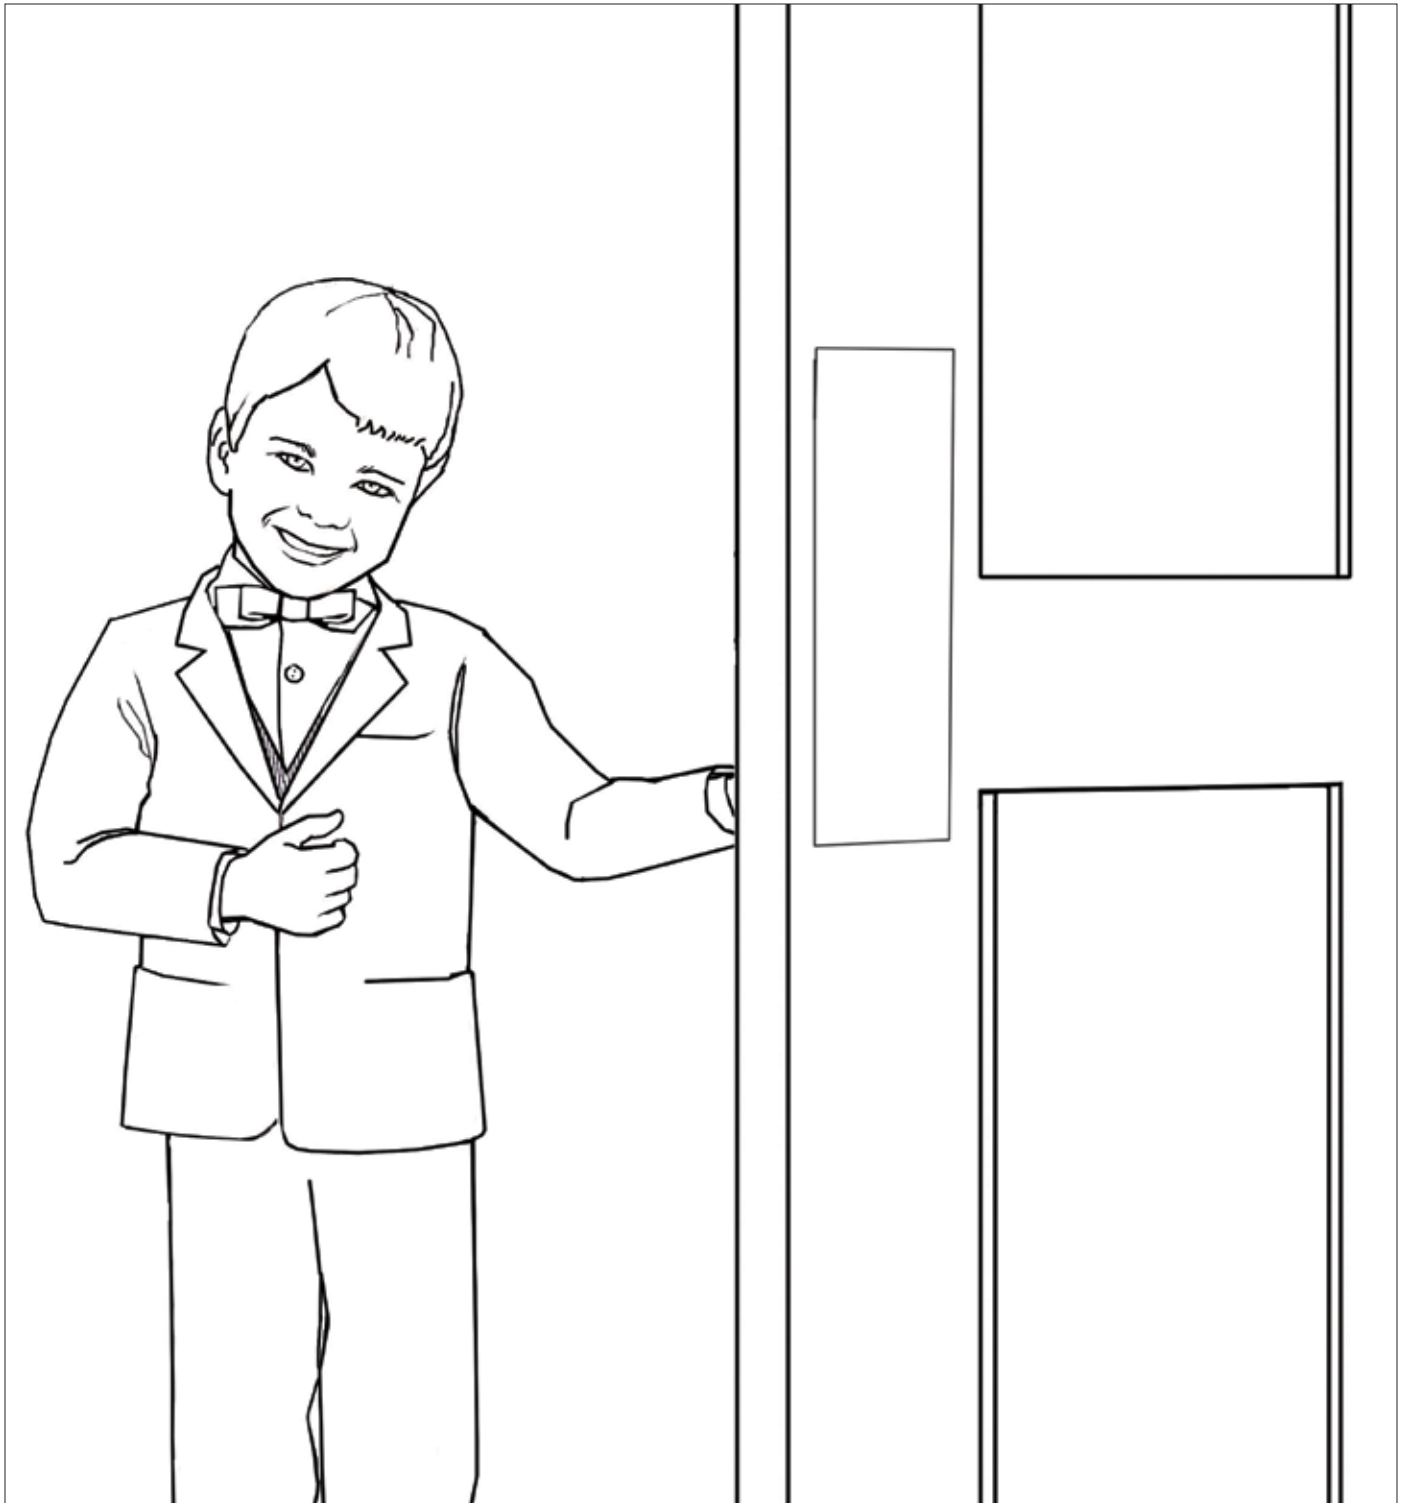

After the Day of Atonement,
we get ready to travel to the
Feast of Tabernacles.

The whole family goes to the Feast.

There we learn to obey God.

We learn to think of other people,
not just ourselves. We should
cheerfully help whenever we can.

God commands us to rejoice!
How wonderful that we can have fun
and be happy!

Read about these animals in Isaiah 11:6-9!
